

MARKET PROBLEM NOT SETTLED BY COMMON COUNCIL

Proposition Is Sent Back to the Committee of the Whole—Plans for Underground Wiring Are Approved.

The ordinance for the establishment of a wholesale market made its first appearance before the city council last night but seemed to create but little excitement. After a second reading it was ordered back to the committee in the "hole" for further consideration. This was done on motion of Councilman Hagerty, who held that the proposition of running a wholesale and retail market together is something like trying "to mix oil and water". Mr. Hagerty did not believe it would work and wanted more time to consider the matter.

Full plans and blue prints of the underground wiring system to be installed by the Indiana & Michigan Electric Co. were submitted by the board of works with its approval. The same were adopted by the council and a resolution offered and adopted for the beginning of the work at once. The accompanying report of the board contained the clause that all the work shall be under the supervision of the board. Pres. Morris of the board was present and explained that it was believed by the members that this would assist greatly in any trouble that might arise.

May Oil Streets. Pres. Morris also brought to the attention of the council a proposed plan to oil the city streets but feared that the cost would be too great. Figures which had been gleaned he said showed that it would cost \$32 a block to do the work. Mr. Morris was asked to take the matter up with the board of works relative to making an experiment on some suitable street.

Mr. Morris also informed the council that plans were being made to celebrate an opening day of the new water works system. This he said may be set for Labor day. The ordinance for the changing of street names was again sent back to the committee in the "hole". A petition to change the name of Howard av. to Lawrence av. presented by Howard av. residents was passed and the proposed ordinance ordered amended to conform. The name of this street is desired changed to avoid conflicts with "Hard st."

The claim of used Marks for \$32.60 said to be due on an unexpired license on the Dreamland theater was allowed.

An ordinance providing for an appropriation of \$2,250 to the board of safety for repairs on hose houses of the fire department was passed. Another appropriating \$250 to the city clerk's office was also passed.

To Muzzle Dogs. A resolution empowering Mayor Keller to issue a proclamation asking that all dogs be muzzled or locked up was introduced by Councilman Thompson and passed.

Resolutions from the board of works for sewer, water and gas connections were adopted on the following streets: Allen st., Oak to Van Buren; Diamond av., Michigan av. to north line of Cushing; addition; Blaine av., from Laporte to Van Buren; Cottage Grove av., from Michigan av. to Portage av.; Sherman av., from Michigan av. to south end of street; Franklin st., from Sample to Indiana av.

The auto muffler ordinance was referred back to the committee in the "hole". Councilman Seifert urged that the weed regulations be enforced. He complained of conditions near the Indiana-Michigan Electric company power house on E. Lualle. He stated that weeds four feet high are growing within half a block of the east side business district.

Councilman Thompson complained of conditions on the old Three 1 railway grade on Longly and Florence av. Councilman Goebel asked that the police box on Vista and Sample st. be moved. He said it is in such a position as to be a menace to approaching cars. All of the councilmen's complaints were referred to the board of safety.

**POPULAR ELECTION
WILL BE GUARANTEED**

WASHINGTON, Aug. 11.—The president Monday appointed a commission to proceed to San Domingo to arrange for the holding of a popular election on guarantee to be obtained from all the factions in that country.

On the commission are ex-Gov. John Franklin D. Roosevelt, of New Jersey, Jas. M. Sullivan, U. S. minister to San Domingo, and Chas. C. Marsh, a lawyer of Boston.

The commission left here Monday afternoon for Havana where they will be met by a steamer and taken to San Domingo arriving about Sunday next.

Theaters

AT THE AUDITORIUM.
The pictures at the Auditorium today are a two part Kaleid entitled "In Wolf's Clothing," being the fourth of the Alice Joyce complete series, with Tom Moore as leading man. "The Lad From Old Ireland," a drama of tremendous appeal to every Irish man, woman and child. The story tells of how Terrance, desiring fame and wealth, leaves old County Cork and his sweetheart, Aileen, to come to America. Although he has promised never to forget her, new friends and his work cause the memory of the colleen to grow dim in Terrance's memory. But the lad is true blue, as is shown by the remorse he experiences when, just as he is elected mayor of a great city, he learns that Aileen faces dire poverty. How he returns to old Ireland in time to save his sweetheart from being driven from her old home by a hard-hearted landlord brings this story to a rousing conclusion.

The Selig weekly of current news contains many interesting topics including the only pictures made of the Mexican dictator, who posed at Puerto Mexico, where, with his family and Gen. Blanquet, former cabinet officer, as he boards a German warship to leave his country forever. The poison squad fighting the grasshopper and army worms that are destroying crops is also shown. "Higher Education" That Was Too High for the Old Man" is a comedy tale of a farmer's son who was too wise for college. It is one of Geo. Ade's famous fables. Tomorrow "The Perils of Pauline," "Romantic Josie" and "The Squatter's Girl" will be shown.

SURPRISE THEATER.
"The Love Victorious" will be the attraction at the Surprise theater today. This special feature is a Gold Seal film and is in three reels, featuring Cleo Madison and George Larkin. The story is of "Human Frailty Shown in Allegory".

"The Love Victorious" is an allegory of the fall of woman through the agency of Evil and his side partners, Vanity, Flattery, Lust and Vice, and her redemption through the instrumentality of Christ's spirit as symbolized in the good man. The sordid and beautiful, all the attributes of Good and Evil, are personified and each plays his part in his figurative pageant of human life. "The Universal Animated Weekly" with its latest current events will be shown.

Tomorrow will bring a special reel, featuring Mary Pickford, entitled "In the Sultan's Garden." "Those Happy Days" a Keystone comedy.

AT THE MAJESTIC.
The three acts of vaudeville now playing at the Majestic furnish good entertainment. Zone and Azora are two clever European acrobats, who were forced to cancel foreign engagements on account of the war and were secured for the Majestic quite unexpectedly. Their act is a distinct novelty and has a genuine circus flavor. Happy Golden is amusing with his impersonation of a southern darkey and the Frisco quartet have a new repertoire of popular songs. Three reels of pictures are also shown at each performance.

AT THE COLONIAL.
The Colonial is showing today an Edison dramatic picture, "The Hunted Animal," the second installment of a series concerning "The Man Who Disappeared." It is filled with exciting situations and affords opportunity for numerous and varied scenic effects. "How Lame Wolf Died" is an Indian picture from the Selig California studio and is most interesting. A double comedy bill is supplied in two laughable pictures, "He Was Bad" and "Tough Luck," both guaranteed to cheer up the most downhearted.

Facts About a Shiny Complexion

Science now tells us that the time-honored custom of powdering, rouging and painting is an abuse of the complexion and makes the skin shine because they make it unhealthy and oily. Of course we have known for a long time that in most cases powder and paint give an unquestioned artificial appearance to the face which can be eliminated by use of a good face lotion. When you wish to save money and be absolutely certain of the purity and effectiveness of your lotion, it is very easy to make one at home. It requires 4 ounces of purest glycerine, 2 ounces of purest water, 1/2 pint of hot water to which you add 2 teaspoonsful of glycerine. This lotion is easier to apply than powder, does not rub off for a day or an evening and looks like part of the skin, so giving a natural, velvety bloom while removing shininess, surface discolorations, such as rings left by collars. It cures irritation and pimples, does not rub off and show on even dark fabrics and does not clog the pores, thus stopping proper skin breathing.

Bring in your old Gold and Silver and have made over into the new and artist designs.

THOUSANDS JOINING THE ENGLISH ARMY

Prince of Wales Fund for Disabled Soldiers Two and a Half Millions.

LONDON, Aug. 11.—Thousands of men daily are being recruited into the English army and business houses are organizing their men employees into a fifth line of defense.

The price of Wales fund for the relief of disabled soldiers and sailors now totals \$2,500,000. Queen Alexandra has consented to merge her fund with that of the prince of Wales. Some of the most famous residences and show places are being put at the disposal of the Red Cross society to serve as hospitals and convalescent homes. Welbeck abbey at Worpark, the country seat of the duke of Portland, will shelter invalid fighters as will both the town and country homes of the duke of Westminster and the country residence of Lewis Harcourt, secretary for the colonies, Nuneham Park, Oxford.

An order has been issued prohibiting Germans from engaging in the banking business except with the permission of the home secretary. Germans are not allowed to hold bank directorates except by special favor.

PATENTS OF VALUE

Many otherwise meritorious and valuable inventions are rendered worthless from the standpoint of patent protection due to lack of skillful prosecution, which is necessary in order to obtain claims of broad scope and protective value. Have had 20 years' experience in patent practice. Highest references.

When possible I always advise a personal interview, which is much more satisfactory, owing to the technical nature of patents. Full information given upon request. No charge for advice.

Having a branch office near the Patent Office at Washington, and an office where you can handily come and explain your invention, I can guarantee prompt and unexcelled service. Associate offices in all the leading countries of the world.
